Summary

Website <http://we4startups.wbc.us>

Join dignitaries, government officials, corporate investors and C-Suite executives for a one-day cybersecurity conference sponsored by The Visegrad Four countries – Czech Republic, Hungary, Poland and Slovakia, who jointly promote their businesses under the We4Startups brand. The conference will showcase the V4 region as a dynamic innovation ecosystem with attractive investment opportunities using the momentum of V4 Polish Presidency.

International Focus

This exclusive event will feature expert opinion panels, networking sessions, and partnership opportunities to advance cybersecurity and business interests at home and abroad.

Network Gateway

Connect with government leaders, corporate representatives, and industry incubators, all having the goal of cybersecurity enhancement through relationship building.

Expert Panelists

Join the conversation lead by distinguished subject matter experts, focusing on the global policy and technical challenges of today's cybersecurity landscape.

Featured Speakers

- U.S. Senator Joe Manchin (D-WV)
- Jadwiga Emilewicz – Undersecretary of State, Poland’s Ministry of Economic Development

Panelists
